## – THANK YOU! –

Thank you to everyone who helped with cleanup after the storm. Signs were knocked over and under the snow. We need to make sure the signs in the farmer's fields are picked up. It's very important to keep track of where you put all of your signs and verify they have been collected.

## – SIGN TIP –

Using conduit for your signs and they keep on turning? Flatten the end you stick in the ground by hammering it flat!
